Register by visiting [http://fcrc.albertahealthservices.ca/course\\_registration/public\\_course\\_list.php](http://fcrc.albertahealthservices.ca/course_registration/public_course_list.php)

If you are having difficulty registering for the session please see <http://fcrc.albertahealthservices.ca/ces.php>

If you are AHS staff requesting telehealth, please proceed to <https://vcscheduler.ca/schedule20/calendar/calendar.aspx?ID=1268>

If you are non-AHS staff requesting telehealth, please email us at [ces@albertahealthservices.ca](mailto:ces@albertahealthservices.ca)

Courses with low registration will be cancelled one week prior to the session date.  
Please register early to avoid disappointment.

Participants will gain an understanding of medications used for common mental health diagnoses, common side effects and how to manage them.

**Level I Activity:** This activity presents an overview of medications used in child and adolescent mental health, and would best meet the needs of families and/or professionals with little to no knowledge of, or experience with this topic.

This session is presented by the Community Education Service of the Child and Adolescent Addictions and Mental Health Portfolio (CAAMHP) of Alberta Health Services
