

Child Abuse Services

Child Abuse Services (CAS) is a multidisciplinary, specialized service that assists children from birth to 17 years, who have been abused or neglected, in order to enhance their bio-psycho-social health and well-being. CAS has two streams - a medical stream and a psychosocial stream. These are described in more detail below:

Psychosocial Stream

The psychosocial stream assesses the impact of abuse and neglect on the referred child, and provides therapeutic intervention to address emotional, behavioural and relational challenges associated with the abuse and neglect.

Referrals are accepted from:

ACH – Emergency, Inpatient and Outpatient Services

Physicians

Child and Family Services

School Personnel

Self-referrals
