March 14, 2018 0830 ~ 0930h
Kinsmen Learning Centre Auditorium on 4th Floor
Alberta Children's Hospital

Just a little weakness: Juvenile Dermatomyositis and its comparison with Adult Dermatomyositis

Nicole Johnson, MD, FRCPC
Pediatric Rheumatologist
Department of Pediatrics
Alberta Children's Hospital

Objectives:

1. Present the clinical features of Juvenile Dermatomyositis (JDM)
2. Discuss similarities and differences of JDM from Adult Dermatomyositis (DM)
3. Discuss an overview of treatment for JDM
