**\*\*\*Kinsmen Learning Centre Auditorium (4<sup>th</sup> Floor - ACH) for In-Person\*\*\***

## How can we use outcomes research to advance care for children? Pediatric liver transplantation is an example

**Simone Kortbeek, MD FRCPC**

### Objectives:

1. Understand expected outcomes following pediatric liver transplantation.
2. Use the field of pediatric liver transplantation as an example of the use of outcomes research and patient-reported outcome measures (PROMs) to advance care.
3. Explore applications of PROMs in pediatric gastroenterology and other pediatric specialties.
